

Bullet Proof Vest

Article No.: 1100033

DESCRIPTION

The Force Ware Bullet Proof Vest is of proven design with side and shoulder closures and adjusters and provides full protection to the front and sides.

The vest is constructed from PU coated fabric with polyester mesh to the body side and low profile Velcro fasteners.

Different sizes and colours are available

PROTECTION

The standard protection level is NIJ IIIA. With two optionally available hard armour insert plates (Article No.: 1020060) protection level IV is reached. Individually equipped vests upon request.
