

# Fragmentation Shield

Article No.: 1100300

The Fragmentation Shield has been specifically designed for mine clearance and EOD work. It is made for operatives requiring protection from small anti personnel mines and EOD operatives in support of EOD technicians. The shield has two telescopic legs that can be placed into the ground to support it in the upright position, and centrally located window. Four soft handles are fitted to the reverse of the shield to assist in carrying it.
