TORCH LEDLENSER P5 CORE

High-quality Torch (Flashlight)

The Ledlenser P5 Core is a compact, powerful torch equipped with proven Ledlenser technologies such as the patented Advanced Focus System. Thanks to the functional clip and fast-access end cap switch, it is extremely versatile and will impress you with its energy efficiency. Very practical: the P5 Core can use either an AA alkaline battery or a rechargeable battery (NiMH or Li-ion) as its power source.

- ✓ Compact, powerful torch for a wide range of applications
- ✓ Advanced Focus System for efficient, precise flood and spot lighting
- ✓ Operation with either one AA alkaline battery or rechargeable battery (NiH or Li-ion)
- ✓ Easy and fast operation by Endcap Switch, therefore ideal for police and security services
- ✓ Functional clip easily attaches to shirt or trouser pocket, also serves as roll protection

DATA SHEET

Torch Ledlenser P5 Core

TECHNICAL DATA

Article number	1360026
Head diameter	26 mm (1.02 in)
Head material	Aluminum alloy
Length	12.5 cm (4.92 in)
Weight (incl. batteries)	83 g (2.93 oz)
Light source	Built-in high-power LED
Color Temperature	6.000 K to 7.500 K
Luminosity (3 settings)	150 lm / 60 lm / 15 lm
Light range	90 m / 60 m / n.a. (295 ft / 197 ft / n.a.)
Operation time	3 h / 5 h / 12 h
Power supply	AA alkaline battery or a rechargeable battery (AA NiMH or 14500 Li-ion)
